Respondent.)	

The Nebraska Department of Environment and Energy (NDEE) and the Village of Greeley (Respondent) voluntarily entered into a Consent Order on August 5, 2021, in which Respondent agreed to upgrade its wastewater treatment facility (WWTF). Paragraph 29 of the Consent Order required Respondent to submit a written project timeline for replacement of its WWTF. Paragraph 30 of the Consent Order required Respondent to implement and complete the project timeline as a schedule for compliance by the dates as listed therein.

As a result of Respondent having encountered unavoidable delays in acquiring the real property needed to site the upgraded WWTF, the parties agree that the revised timeline as attached to this First Amendment and titled, "Table 2 – Implementation Schedule (August 2023)", replace the initial timeline previously submitted in satisfaction of paragraph 29 and that it also become the schedule for compliance applicable to paragraph 30 of the Consent Order entered on August 5, 2021.
